HEARTH · NC-08

Union County outage planning brief

Elliott storm · 92 MW cut · Balanced priority · county cap on

What the model shows

In a storm like Christmas Eve 2022, the MW-only plan cuts power to 2,074 homes here — 232 heat with electricity. The people-first plan cuts 8,946 — 2,127 heat with electricity.

The people-first plan shifts more of the cut here because these neighborhoods score lower on vulnerability than other parts of the district. District-wide, it leaves about 3,428 fewer electric-heat homes in the dark.

Areas to investigate

1. **Wingate · Zone 162**
   SVI 0.83 (high) · 63% electric heat
   MW-only ● Kept on · People-first ● Kept on
2. **Monroe · Zone 163**
   SVI 0.98 (high) · 65% electric heat
   MW-only ⊘ Protected · People-first ⊘ Protected
